hear my  
song

Dear Reader,

Greetings! We Sprague's Pipits are masters of disguise in the sea of grass - you'll hear us before you see us. But if you're lucky, you might catch a glimpse of my aerial dance - a spectacular sight over our prairie home. Some of us are overachievers, displaying in the air for up to 3 hours! Please help protect our habitat so future generations can enjoy the magic of the prairie.
